Membership in CIS =
excellent coverage, unparalleled service
and great value

What sets CIS apart is that the staff have a personal relationship with the people they work with. I see them on a regular basis. It's very personable, as opposed to a bigger insurance company, where I don't even have a face to put with a name.

I've had a great experience working with CIS. They've been great partners in the very difficult job that we have to do out here day in and day out... Problem solving, being there for support — it's been a great experience for me.

How CIS IS Different from an Insurance Company

- Market is limited by the CIS Bylaws
 - Serves specific public customers
 - Only serves a certain group of public agencies:
 - Oregon cities, Oregon counties and public bodies created by those cities or counties that
 - Provide service that a city or county would otherwise provide, and
 - Are subject to the Oregon Tort Claims Act.

Criteria for Joining CIS

- Membership in either the LOC or AOC
- Not a city or county?
 - Can obtain an associate membership with one of CIS' "parents"
 - To retain coverage, must continue with AOC or LOC membership

Partnership – We're in it together!

“We are made for co-operation, like feet, like hands, like eyelids, like the rows of the upper and lower teeth. To act against one another, then, is contrary to nature.”

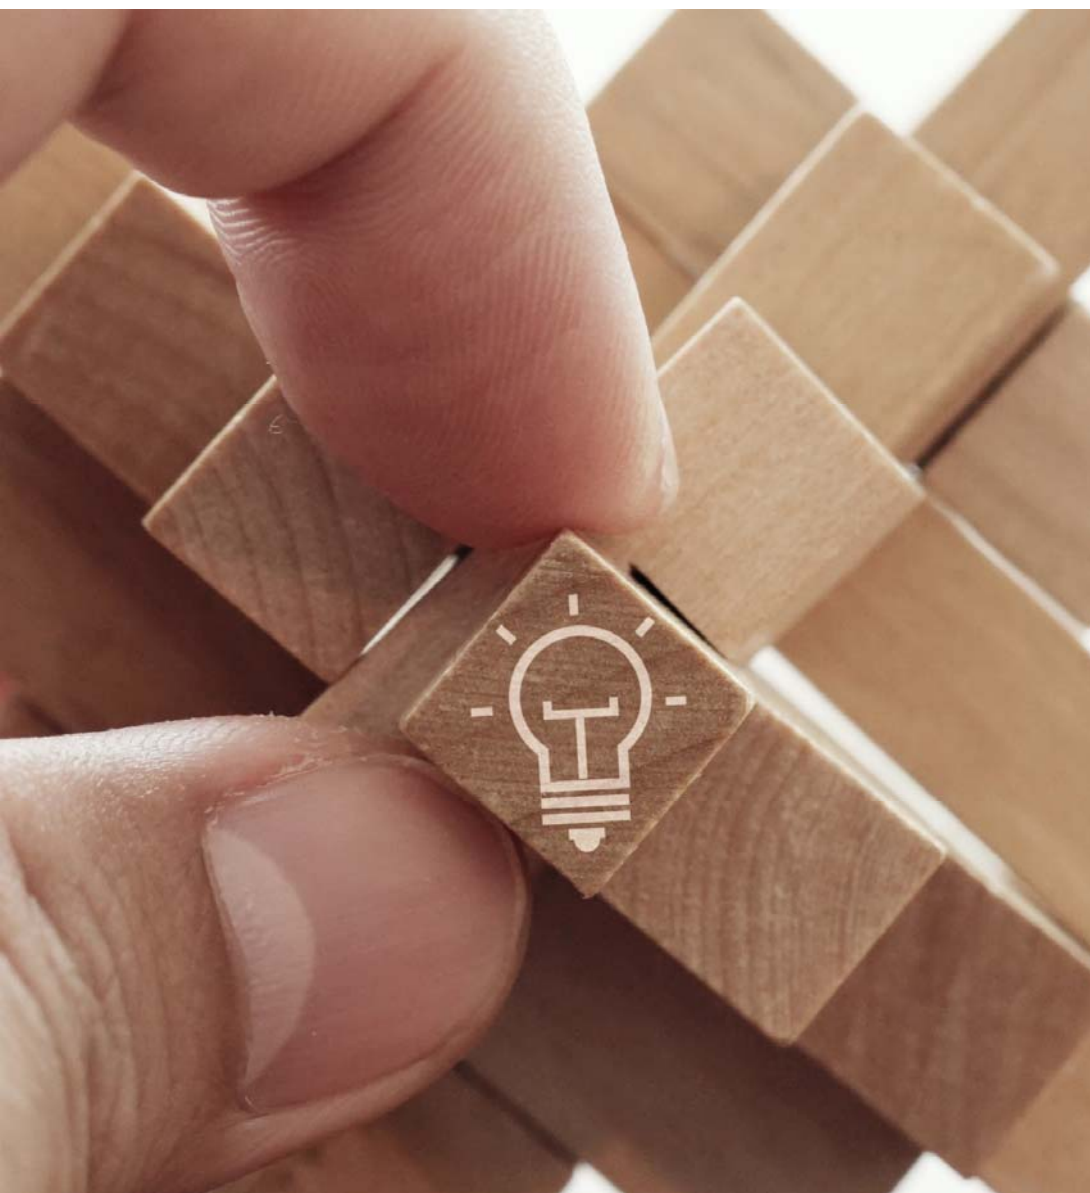

Marcus Aurelius
