

September Featured Learning

Prepared not scared! That's the motto of this month's feature. Each September, National Preparedness Month encourages and reminds Americans to be prepared for disasters or emergencies in their homes, businesses, and communities. This month we feature a short emergency preparedness course — and a handout to help you prepare a “Go Bag.”

We're also featuring the newly released OR-OSHA training to help you better understand the temporary wildfire smoke rules that took effect on Aug. 9.
