

CIS BENEFITS RULES

The CIS Board of Trustees adopts the following Rules regarding CIS Benefits programs. The Rules are effective July 1, 2024 and supersede and replace existing CIS Benefits Rules.

RULE EB 1: LOSS FUND PROTECTION AND SURPLUS DISTRIBUTION

A. CIS BENEFITS LOSS FUNDS

CIS Benefits Pooled Risk Retention Programs are funded by Contributions “to establish Loss Funds and any other necessary or prudent reserves, to purchase reinsurance and/or excess insurance in the name of the Trust, and to provide Administration.” (Trust Agreement, Article 1, definition of “Contribution”.) The CIS Benefits Loss Funds are established by Trust Fund (EBS and AOCIT) and by Health and Life Coverage.

B. USE OF SURPLUS

For purposes of this Rule, “Surplus” is defined as those monies remaining in a Loss Fund after the payment of the costs of administration and reinsurance or excess insurance, the payment of claims, and establishment of adequate reserves for outstanding claims.

Surplus may, in the sole discretion of the Trustees, be used in any one or more of the following ways:

1. Allocated for any purpose consistent with the Trust Agreement, including, but not limited to, Trust Program enhancements, risk management programs such as Healthy Benefits, or held as contingency reserves.
2. Allocated to offset deficits as follows:
 - a. In the event of a deficit in a Loss Fund for a Coverage Year, that deficit may be offset with Surplus accrued in that Loss Fund in other Coverage Years;
 - b. Within the same Trust Fund, Surplus may be transferred from a Loss Fund to a Loss Fund that is in deficit. However, such transfers shall only be made when there is a reasonable expectation that repayment can be made from future contributions and earnings of the Loss Fund that has incurred the deficit.

3. Distributed to Members as a Surplus Distribution as described in Section C of this Rule.

C. SURPLUS DISTRIBUTION

The Board, at its sole discretion, may declare a distribution of Surplus to Members through rate subsidies or other means and methods that the Board may determine.

Rule EB2: GENERAL PROVISIONS

A. REQUEST FOR COVERAGE

Prior to initially receiving coverage, and annually during the time period specified by CIS, the Member must complete a Request for Coverage (RFC) in a form specified by CIS. Such RFC shall be approved and signed by a duly authorized employee. The Member must certify that it is and will continue to be in compliance with all CIS Benefits governing documents.

Changes to RFC

Elections made on the RFC can only be changed annually except for mid-year changes resulting from collective bargaining or with CIS approval. This includes changes to plans and eligibility (waiting period, required work hours, etc.). Members must give CIS at least 60 days advance notice for mid-year collective bargaining changes. Changes will be effective the first of the month following the 60-day notification.

B. RIGHT TO MODIFY, DISCONTINUE, OR TERMINATE

The CIS Board of Trustees retains the right to modify or discontinue any portion of the CIS Benefits Program. Except in the case of discontinuation or modification to comply with state or federal regulations, CIS will give participating entities advance written notice of at least 6 months on board actions resulting in a plan discontinuation and advance notice of at least 90 days on plan modification. CIS will not be bound by any agreements entered into by the Member that do not comply with CIS Rules or the CIS Employee Benefits Trust Plan. CIS retains the right to terminate coverage for Members that are in violation of state or federal benefits regulations or are not in compliance with CIS governing documents.

C. HIPAA COMPLIANCE

CIS programs are in compliance with the Health Insurance Portability and Accountability Act (HIPAA) privacy standards and are governed by the CIS Employee Benefits Trust Plan. As such, CIS can receive health status and claims data for participating employees. Health status and individual claims data will not be provided to participating Members without the expressed written consent of the employee. Claims data may be shared with a third party administering CIS' health risk management programs.

D. APPEALS PROCESS

1. APPEALS REGARDING COVERAGE

An employee participating in an employee benefits Insurance Program or the Health Risk Management Program who wishes to appeal a coverage/claim decision must utilize the appeal procedure outlined in the plan booklet and/or as required by law. The determination made by the medical plan or the Independent Review Organization (IRO) is final. There are no further appeal rights.

2. APPEALS REGARDING ADMINISTRATIVE AND ELIGIBILITY ISSUES

An employee participating in an employee benefits Insurance Program or the Health Risk Management Program who wishes to appeal an administrative or eligibility decision may ask for reconsideration by the Benefits Director. The request must be made in writing and received by CIS within 45 days of the date of denial. The Benefits Director will make a determination and send a written response and explanation within 15 days. If the Member representative or employee is dissatisfied with the decision of the Benefits Director, he/she may make a written request for reconsideration to the Executive Director within 45 days of the Benefits Director's denial. The Executive Director may, at his or her discretion, consult with the Board of Trustees and will respond with a notification of status of the request for consideration within 15 days. A final determination response will be sent in writing not later than 30 days from the date the request is received by the Executive Director. The Executive Director's determination is final, and there are no further appeal rights.

Rule EB3: HEALTH INSURANCE

A. CONTINUING ELIGIBILITY

A CIS Employee Benefits Trust Plan Member as of January 1, 2010, that is an intergovernmental entity formed by a public body with another state or with a political subdivision of another state, or with an agency of the federal government, is allowed to remain a Member of the CIS Employee Benefits Trust Plan in which it is participating, provided however, if such member terminates participation in that Trust plan, it is not eligible to become a Member except as provided by the CIS Bylaws, Article 2.

B. SUBGROUP ELIGIBILITY

For Members with 100 or more eligible employees, subgroups (i.e., public works, firefighters, police, administration, SEIU, AFSCME, etc.) of less than 100 employees may be allowed to join CIS, but their rates may be based on their claims experience, if available, or subject to a surcharge.

For Members with fewer than 100 eligible employees, CIS will consider allowing subgroups to join based on an underwriting review.

C. MEMBER PLAN SELECTION

For purposes of these Rules, Regence and Delta Dental refer to the CIS self-insured plans that are administered by Regence and Delta Dental.

1. Members with fewer than 10 employees may only offer one medical and dental plan.
2. Members may select different benefit plans for specific subgroups of employees as long as there are at least 10 employees enrolled for benefits in each subgroup.
3. Members or subgroups with 10 to 99 covered employees may select the following medical plan options:
 - a. One Regence plan and one Kaiser plan; or
 - b. Two Regence plans that are within a 7.5% rate spread.

All rates may be surcharged for potential adverse selection risk.

4. Members or subgroups with 100 to 232 covered employees in the Regence medical plan may select one additional Regence plan within a 15% rate spread. All rates may be surcharged for potential adverse selection risk.
5. Members or subgroups with 233 or more covered employees in the Regence medical plan may select two additional Regence plans within a 20% rate spread, and one additional Kaiser plan. All rates may be surcharged for potential adverse selection risk.
6. Members may select riders, as defined by CIS each year, to be added to their basic medical or dental plans. Benefit riders cannot be offered on a stand-alone basis. Riders may be added/dropped only: (1) during open enrollment, (2) as a result of collective bargaining, or (3) in conjunction with an eligible mid-year plan change. If a rider is dropped by a Member, it cannot be added again for two plan years. Riders may include vision, hearing aids, alternative care and orthodontics.

Within the constraints of 3, 4 and 5 above, Members eligible to offer multiple plans to one or more subgroups must include the same riders on all plans offered.

7. Employer contributions to a Health Savings Account (HSA) or Health Reimbursement Arrangement (HRA) will be considered in determining the value of the rate spread in 3, 4 and 5 above.
8. Members or subgroups with 100 or more employees joining CIS may, with the agreement of CIS and the claims administrator or carrier for the line(s) of coverage sought, maintain the plan design(s) in force at the time the Member or subgroup joins CIS until the end of the applicable collective bargaining agreement(s) or two years, whichever is less. At that time, the Member or subgroup must migrate into one or more CIS plan designs, as provided above. The Member or subgroup's claims experience in the plan design(s) in force will be used in determining rates for the CIS plan design(s).
9. Members with 10 or more employees may offer one Delta Dental plan, Kaiser Dental and Willamette Dental plan option.
10. CIS will accept new Members only if the member agrees to a plan year and open enrollment period coinciding with CIS'.
11. Members may select different medical and dental plan insurers or administrators (e.g., Regence medical and Kaiser dental).

Elected officials do not qualify as a unique subgroup.
- F. Waiting periods and eligibility hours must be consistent between the medical and dental plans offered for all employee groups.
- G. A Member may waive its stated waiting period for new employees under the following conditions:
 - 1. The employee comes from another CIS Benefits-covered Member;

3. The waiver must apply to all CIS coverages offered by the employer, as long as the employee was enrolled in them at the previous employer; and

 - 1. Members with more than 100 benefit-eligible employees that remove a subgroup, leaving fewer than 100 employees on health benefits with CIS, may continue participation but CIS has the right to review premiums, and potentially surcharge them, based on an underwriting review. 2. The retiree must be enrolled as an active employee in a CIS medical or dental plan at the time of retirement to qualify for continued coverage.
3. The retiree must enroll in retiree coverage within 60 days of their date of retirement. The retiree has the option of enrolling an eligible spouse/domestic partner and/or dependents for coverage at retirement, provided they are covered through CIS at the time of the employee's retirement. Dependents not enrolled in retiree coverage at the time of retirement may not be added at a later date; however, a new spouse or qualified domestic partner, or new dependent child(ren) acquired after retirement will be eligible to enroll within 31 days of the event. Dependents become ineligible if the retiree leaves the CIS plan, unless the retiree's loss of eligibility is due to Medicare eligibility or death. B. PLANS AVAILABLE

1. Employees offered only one plan option while active may only continue that plan at retirement.

2. Employees offered a choice of plans with multiple insurers/administrators while active will be given a one-time opportunity to change plans at the time of retirement.
3. Employees offered a choice of plans with the same insurer/administrator while active can change to a different option within the same carrier at the time of retirement, or during open enrollment.
4. If a Kaiser member moves out of the Kaiser service area, he/she may make a one-time change to a Regence plan, or a Delta Dental or Willamette Dental plan, if available.
5. If the retiree is enrolled in both medical and dental coverage as an active employee, he/she may choose to continue only medical in retirement. If medical is offered by the Member, retirees cannot continue dental only unless they opted out of medical as an active employee.
6. Retirees continue at the rates specified by CIS or as specified by law.
7. If the active group or subgroup from which the employee retired changes medical and/or dental plans with CIS, the retiree must move with them to the new plan(s).

Member premiums may be surcharged based on the employer contribution amount into the employees' HSA, HRA or VEBA.

D. EMPLOYEE ELIGIBILITY

Employees must be covered by a CIS medical, dental, life or disability plan to be eligible to participate in a CIS pre-tax or commuter reimbursement plan.
